Fair Value Assessment Output

As per our regulatory responsibilities under PROD 4.2 , this product has been subject to our Product Governance Process and has been approved by our Product Governance Committee as offering Fair Value both now and in the foreseeable future.

In undertaking the Fair Value Assessment, a wide range of factors were considered including, but not limited to, the following;

- The complexity of the insurance product.
- The nature of the product including key benefits and any limitations
- The characteristics of the target market including policy stakeholders and consideration of customers with vulnerable characteristics.
- The type and quality of services provided to customers.
- The distribution channel including any remuneration information and the expected total price to be paid.
- Appropriate data including claims frequencies, claim acceptance rates, average claim pay outs, loss ratio, customer tenure, cancellation rates and complaints data.
- The likelihood of customers not receiving good outcomes / fair value
- any conflicts of interest and where they arise how they are mitigated

Product Features

Loss Recovery Insurance is an insurance policy that provides and pays for the cost of an expert loss adjuster to help policyholders prepare, negotiate and settle their claims. The product is sold in conjunction with a separate property insurance policy. The Loss Adjuster provides strategic advice about how to manage an insurance claim, assisting in the preparation and submission of a claim to insurers, advising as to what other professionals might be needed in the reinstatement process, and thereafter seeking to negotiate a settlement on behalf of the policy holder.

The Customer need which is met by this Product

This product attaches to the insured's underlying domestic buildings and contents policy. The product offers claims preparation costs insurance in the event of the Insured experiencing a claim on their underlying domestic buildings and contents policy. This product is therefore aiming to attract those customers who feel they would benefit from claim preparation costs insurance.

Target Market - Customer whom the Product has been designed for

The target market for the Private Client Loss Recovery Insurance product includes UK based high-net-worth individuals or families with significant property assets who hold a separate comprehensive home or estate insurance policies. These clients benefit from expert claims support, particularly during complex or high-value claims.

Customers for whom this product is unsuitable or would not provide the intended value

Customers who are domiciled outside the UK, including the Isle of Man and the Channel Islands, and properties located outside these regions are excluded. The product is also not intended for commercial customers.

Notable Exclusions or Circumstances where the Product will not respond

The following notable exclusions apply. In addition, Lorega may impose further exclusions and restrictions at policy level based on the risk profile disclosed to us at quotation stage.

Any claims outside of the UK, claims made under the domestic buildings and contents policy for less than £5,000, Property damage or loss which is not otherwise insured under the underlying domestic buildings and contents policy to which the Loss Recovery policy is attaching. Claims in respect of Liability, Marine, Aviation, Motor, Personal injury, Subsidence, Legal fees, Landslip or heave, Uninsured losses, Communicable Diseases, Terrorism, Cyber.

We recommend that all policy wordings are carefully checked by both the broker and the client to ensure the cover meets the client's requirements and to allow the client to make an informed decision on whether the product is suitable for them.

Copies of our Policy Wordings and Summaries/ IPID's are available upon request. Additionally, we are happy to provide additional training on the product if required

Distribution Strategy

Our Distribution Strategy, approved by the Executive Committee & Board, is to wholesale products through third party insurance brokers & intermediaries. It is a core part of the MGA strategy to ensure our complex products are sold via regulated intermediaries who provide advised sales. The distribution chain can involve the use of sub delegated authority agreements, panel arrangements, aggregators and any other channels provided these are contractually authorised by capacity and risk assessed as part of our product approval process.

Risk based due diligence is completed on all third parties in line with our Agents and Third-Party agency process. All intermediaries who transact business with us must meet a minimum level of due diligence and financial checks to maintain an ongoing terms of business agreement (TOBA).

Those who distribute products on our behalf must act in accordance with the customers demands and needs to ensure the product is distributed to the intended target market.

All intermediaries who distribute our products are reminded of their regulatory responsibilities to assess fair value to customers where separate fees are charged and/or premium finance is arranged. This also applies where an add-on product (not manufactured by us) is sold alongside the core product.

If a distributor identifies a product is not providing fair value as a result of the distributor's own arrangements, including remuneration, the distributor is obliged to notify Geo immediately. Geo will then assess the circumstances and take action as appropriate.

Commission, fees or charges passed onto the customer must be proportionate to the service provided and provide fair value.

We will from time to time request additional management information from our distributors to support the fair value assessment process. This may include;

- The type and amount of remuneration of each member in the distribution arrangement in relation to the core insurance product including commissions, fees and premium finance charges paid by customers and details of any additional products sold alongside it.
- An explanation of the services provided by each member of the distribution arrangement.
- Confirmation from distributors that remuneration is consistent with their regulatory obligations.

Where information is not provided by a distributor, within a reasonable period of time, Geo Underwriting Services Limited reserves its rights to notify Insurers and/ or the FCA.

Product Approval Process

Product oversight and governance controls are in place for the design, approval, distribution, and ongoing management of products throughout their lifecycle.

Our approach to manufacturing, co-manufacturing, and distributing insurance products is underpinned by a set of internal frameworks and controls to ensure we are;

- Providing customers with products and services that deliver fair value and are in their best interests both now, and in the reasonably foreseeable future.
- Adhering to regulatory and legislative requirements
- Delivering commercially viable, competitive, and sustainable products.

We maintain and operate an approval process for all of our insurance products, which is proportionate and appropriate to the nature of the insurance product, its complexities, value and associated conduct risk. Significant alterations to our existing products are also subject to the approval process.

Product Feedback

We strongly encourage feedback from distributors on our products, services and distribution methods to help ensure they continue to deliver value now and for the foreseeable future. If you do have any feedback or concerns regarding this product and it's value please contact us via your usual GUSL representative.
