Product design

We've provided motor legal expenses solutions to consumers for over 20 years and work with industry experts such as the Association of British Insurers (ABI), in addition to our global partners across the Allianz Group. We draw upon this experience and insight, as well as customer research to ensure our products continue to add value and meet the evolving needs of our customers.

Motor Before the Event Legal Expenses is a Personal Lines General Insurance product designed for consumers that want legal expenses insurance protection from a range of events, such as; pursuits of a personal injury claim or recovery of uninsured losses.

This product can also provide additional services including access to legal advice and legal documentation templates.

Target market

The target market for our Motor Before the Event Legal Expenses product are consumers who meet the following criteria:

- must have a current motor insurance policy for the duration of the legal expenses contract
- are the registered keeper of the vehicle
- must reside within the United Kingdom, Channel Islands or Isle of Man.

We're able to provide insurance solutions for a range of customers, however this product is **not** targeted towards:

- commercial customers
- non-UK Insured Vehicles
- consumers who want cover for less than twelve months.

This product isn't suitable for:

- disputes relating to a person acting for purposes of their trade, business or profession
- legal disputes arising outside of the United Kingdom, Channel Islands or Isle of Man
- risks based outside of the United Kingdom and which require a global insurance solution.

We will not look to write risks:

- which have been previously declined or insurer cancelled or have a history of non-disclosure / misrepresentation.

We wouldn't expect this product to provide fair value to:

- consumers with ongoing legal disputes which would ordinarily be covered under this policy
- consumers who reside outside of the territorial limits.
- commercial customers who require coverage for their business

Product value assessment

Our September 2025 assessment has concluded that our Motor Before the Event Legal Expenses Product, including its charging and distribution structure, is compatible with the needs, objectives and characteristics of the target market and provides fair value.

Our product value assessment is based on the premium we charge for the cover and the services we provide. In addition to the identified needs, characteristics (including vulnerabilities) and objectives of the target market we take a wide range of other factors into consideration, such as historical and expected claims frequencies, incurred and projected claims costs, plus scenario analysis along with customer feedback.

We also consider how the intended value of the product may be affected by its distribution with the conclusion of our product value assessment based upon our distribution strategy as set out below and that:

- The level of remuneration or commission charged by distributors is in line with market proximate remuneration or commission levels
- Administration fees or any other additional fees are only levied where the remuneration or commission income is not sufficient to cover any of those respective costs and is commensurate with the activities undertaken.
- Ancillary products (including premium finance arranged by the distributor) are only being offered where requested by the customer and when appropriate to their demands and needs. The total charge to the customer for any ancillary products, and any directly related remuneration (whether commission or fee) is commensurate with the benefit / services provided and activities undertaken.

- No other additional charges or remuneration are being received in connection with the distribution of our product other than referenced above or received from us
- All and any parties in the distribution arrangement are able to confirm that their remuneration is consistent with their regulatory obligations.
